

California Environmental Flows Workgroup

A Workgroup of the California Water Quality Monitoring Council

Meeting Agenda

Date: May 10, 2022

Time: 10:00 am – 12:30 pm

Join webcast remotely: [Click here to join the meeting](#)

Join by phone: (916) 562-0861, Conference ID: 891 968 215#

Mission of the Workgroup

The mission of the California Environmental Flows Workgroup is to advance the science of ecological flows assessment and its application for supporting management decisions aimed at balancing natural resource needs with consumptive water uses to establish environmental flows. The mission will be accomplished by providing a forum for coordination and technical exchanges among government agencies, academic institutions, tribes, and non-governmental organizations in California focused on understanding environmental flow needs and establishing ecological flow criteria grounded in science. The workgroup will strive to improve agency and public access to ecological and environmental flow data, information and tools related to ecological flow assessments, and to provide a common vision for use of tools and science-based information to support sound decision making.

Agenda Items

1. | 10:05 – 10:10 (5 minutes) | Introductions and housekeeping – Dan Schultz
 2. | 10:10 – 10:25 (15 minutes) | CEFF Updates – Technical Team
 3. | 10:25 – 11:10 (45 minutes) | Overview of Wildlife Conservation Board Streamflow Enhancement Grant Program – Aaron Haiman
 4. | 11:10 – 11:15 (5 minutes) | Break
 5. | 11:15 – 12:00 (45 minutes) | SB 19 Stream Gaging Plan Update – Val Zimmer
